We are thrilled to introduce **MXR:SEA**, a six-part workshop series designed to empower Seattle's dynamic creative economy. All events are FREE, all ages and open to the public on the fourth Thursday of the month, 5:30-8:30 p.m.. **MXR:SEA** aims to equip creative small businesses, particularly BIPOC and women- and minority-owned organizations, with essential tools, resources, and educational opportunities to navigate lingering impacts of the COVID-19 pandemic.

Produced by T.O.N.E. in partnership with Seattle Office of Economic Development, we have curated a series of six experiential workshops taking place monthly across Seattle. These workshops are designed to foster relationships, provide learning opportunities, and create memorable engagements that empower small businesses, business owners, and creative entrepreneurs with new discoveries and insights within the creative economy.

Each workshop is inclusive, experiential, and unique. We celebrate diversity and strive to create an environment where every voice is heard and every idea is valued, mixing ideas and cultural hubs as we make our way through several of Seattle's iconic historical districts.
